

Website Update

As some of you may know, we have had a problem with the website and we were offline for sometime.

Our service provider has now resolved the problems and got us up and running, but as I have now taken over the operation of the system it is proving harder than I thought and I now, as Web Apprentice have to go back to school to learn how to operate the system and progress to Web Master so that all things will be in the correct place as designed, and as expertly operated by my predecessor.

In the interim I will post as much information under the 'recent posts' heading and you should be able to find all information you require.

I will also post the latest newsletter which should have all reports and results to keep you up to date.

Once I have got the hang of the system all will return to normal.

If in the interim you require additional information not found then please do not hesitate to contact me on pgilgr@yahoo.co.uk

Looking forward to seeing you at an event soon
